ARE YOU READY FOR THE USMLE?

Do you want

- The highest marks on the USMLE?
- To realize your professional and career dreams?
- Meaningful and tangible support?
- The right resources?
- Experienced guidance?
- A learning-centered environment and community?

AEI offers a fully accredited United States Medical Licensing Exam (USMLE) Self-Guided Study Program to equip international medical graduates (IMGs) who seek to practice medicine in the U.S.

ONLINE AND ON-CAMPUS CLASSES AVAILABLE

AEI's programs are based on the highest standards of excellence recognized by the U.S. Department of Education.

AEI offers classes on campus in beautiful Atlanta, Georgia (USA) or online from anywhere in the world.

AEI is authorized by the U.S. government to enroll nonimmigrant students, issuing the SEVIS I-20, "Certificate of Eligibility for Nonimmigrant Student Status," for F-1 student visa.

Enjoy individualized study plans and guided study facilitated by a dedicated program coordinator, who is also a USMLE student.

Our program offers a full range of Question Banks (QBanks) with practice exams.

ENSURE

Your success is measurable through feedback and regular progress assessments.

FACILITATE

You will enjoy broad exposure to native English speakers and the U.S. cultural experience as well as assisting you to be a better candidate for the match and securing volunteer / rotation opportunities.

ENGAGE

You benefit from facilitated peer interaction, discussions, and encouragement.

REINFORCE

The program is designed to support the improvement of medical and interpersonal communications, interview techniques, and English language skills.

RECEIVE

You will be prepared for all three steps. While Steps 1 and 2 are available on-campus or online, Step 3 is only available as an on-campus course. Online students transition smoothly to our school in Atlanta, GA USA to complete the program.

What makes AEI's USMLE Program unique?

English as a Second Language (ESL) Placement Test

- Determine present language skills readiness
- Helps prepare for a robust medical clinic volunteer or intern experience

Assessment and Progress Coaching Module

- Gain optimal benefit from personalized coaching and assessments
 - > Pre-session Assessment Exams
 - > Consistent Feedback from the USMLE Program Coordinator
 - > Creation of an Action Plan
 - > Regular Progress Summary Reports
 - > Post-session Assessment Exams
 - > Next steps and goal planning with the USMLE Program Coordinator

Interview Techniques Module

- Whichever Step (1, 2 CK, or 3) you are preparing for, attend multiple Interview Technique workshops to prepare for your match interviews.
- Become familiar with the interview process, interview questions, & cultural context
- Develop a personal statement

In addition to the highly structured, rigorously academic, and supportive learning environment, these specialized modules optimize your learning experience and successfully prepare you for Step 1, Step 2 CK, and then Step 3 (with seamless admission into on-campus classes in the United States as required for Step 3 completion).

These value-added modules (valued at \$1,695) are included in your session tuition fees and are specifically geared to IMGs.

Study Support Module

- On-campus or virtual study rooms
- On-campus or virtual group study sessions
- Peer student chats
- Access to the USMLE Program Coordinator via email, Zoom, and telephone.*

*** Atlanta on-campus students have the opportunity to confer with the Coordinator in person.**

USMLE Library of Resources

- The Atlanta English Institute has a vast library of USMLE specific resources that are available on-campus or virtually for online students. Some of these resources include:
 - > Question Banks (QBanks)
 - > Specific Step-related study guide books
 - > Interview Technique study guide materials
 - > Practice and Example Test guides
 - > And much more

Community Facilitated Connections

- With support from the AEI Dean of Students, AEI provides for facilitated connections with other USMLE students, doctors, AEI USMLE Alumni, and other medical professionals for independent study groups, Q&A sessions, social hours, and game nights either in-person or online across the globe.

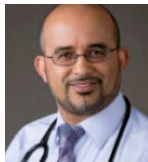

Get to know us through our students!

Here's what they have to say:

"After concluding my TOEFL preparation at Atlanta English Institute, I felt challenged to enroll in the AEI USMLE Program to study for the board certification. Being an international medical graduate from Brazil, I found it to be a great opportunity to validate my diploma in the U.S. What I like about the program is the professional and emotional support I received from the staff. AEI provides a hands-on USMLE Coordinator who provided help and offered assistance whenever I needed it. I strongly recommend the AEI USMLE Program for those seeking U.S. residency or to validate a foreign medical diploma." **MARCIA PRATES - BRAZIL; USMLE Student**

"My experience at Atlanta English Institute was much more than I could have expected. I found a very warm welcome and great hospitality from the staff on my first day. I felt as if I were at home, and that really matters if you are alone abroad. During my stay I was happy spending my time studying for my licensing exams and the spacious classrooms, nice library facilities, and excellent computer rooms helped me to concentrate on my studies." **SRIKANTH NARAMALA - INDIA; USMLE Student**

"I felt attracted to AEI from my first visit as I was preparing for my USMLE exams and specifically for Step 3. Within a short period of time and with the help of the school's resources and the quiet environment, I was able to pass my exams with excellence. I enjoyed spending time with the staff at the school, from teachers to administrative personnel, as well as the students. The school has well-qualified teachers and well-equipped classes which has made AEI one of the top schools to learn English." **ABDULMON ALI - LIBYA; USMLE Student**

"It's simple. When you get to the US, or any English-speaking country, you need the language. You must force yourself to do it and this doesn't happen in your country. Being here you must do it all in English. You need it. You must do it." **CESAR ZAMBRANO - VENEZUELA; USMLE Student**

"Since the first moment I arrived, I felt like this was my home. AEI has the best qualified staff to help you boost your potential as an English speaker. I am enrolled in the USMLE Test Preparation Course and I can really tell you, the interview technique sessions will help you master the art of speaking in front of others. Also, as an international student, I like having the opportunity to meet people from different countries around the world, you can do that here, it's such an enriching experience, plus you do it in English. I am very thankful for being part of AEI." **RENDY CHAPARRO- VENEZUELA; USMLE Student**

Calculating The Investment
